How do I sign up?

- Go to aktivite.com, create a login, select the school, and select ALL sports you are interested in participating in for the year (follow steps and complete registration online).
- Please do this EARLY.
- Doing this as soon as the registration opens for the academic year (Monday, June 5, 2023 at 8:00 am), will speed up the approval rate, whereas waiting until even a month before the sport deadline may result in an athlete missing games or not being able to tryout.
- This process can be LENGTHY as the NIAA is specific in their documentation requirements. While most registrations are very smooth, students with complicated registrations can take up to two months for approval. Please visit the FAQ page on carsonhighathletics.com for tips on some of these more complicated situations.
 - Since the NIAA runs approvals for all registrations throughout the entire state of Nevada, if you wait to register until just before the deadline, it can take weeks for the NIAA to even respond because they are backed up. They may respond asking for more information and then it will take weeks to get another response.
